

You are invited to exhibit at the 2020 PNW Critical Care Summit at the Hotel Murano in Tacoma, WA on **Tuesday March 24th 2020, from 07:00am – 5:00pm**

2020 will be the Summit's 6th year. The PNW CC Summit is one day conference for health care providers dedicated to the care of critically ill patients in our communities. Year upon year our conference has grown from a single health system audience in our first year, to 360+ decision makers and attendees from health care systems across Washington State in 2019.

Your product, equipment or service will be viewed by decision makers, change agents, and influencers in the critical care service community from multiple health care agencies. In addition you are encouraged to considering offering an educational component to your exhibit if applicable. During the Summit attendees are encouraged to participate in the completion of a vendor passport which increase traffic of potential clients to the exhibitor stands. Exhibitors may hold their own 'booth prize' or contribute to the end of day drawing announced at the final session. Year after year, exhibitors have commented on the leads generated by the passport.

Vendor booths start at \$500, with additional opportunities to sponsor meals, breaks, and a sunset presentation session where you have the opportunity showcase your product to a registered audience with a specific interest in your product. See additional information attached to this email.

If you are interested in the opportunity to reach out to a state wide audience in a single day, please go to our [Exhibitor & Vendors webpage](#) and reserve your spot now.

Registration to exhibit closes February 15th, 2020 and space is limited. We look forward to seeing you in Tacoma WA in 2020!
